FACTS ABOUT DENTAL IMPLANTS

Dental Implants:

- **Are the most advanced tooth replacement system.**
- **Help preserve the jawbone and improve appearance.**
- **Look and function like natural teeth.**
- **Are placed/restored in the doctor's office with minimal discomfort.**
- **Improve comfort, appearance, speech.**
- **Have a 95 % success rate.**
- **Allow you to eat the foods you love and talk, smile, and laugh with confidence.**
- **Represent a conservative treatment option- adjacent teeth are not affected.**
- **Never develop decay.**
- **Never require root canals.**
- **Can provide great stability for a lower denture.**
- **Can completely eliminate the need for a denture.**
- **Can help people of any age.**
- **Give patients a third set of teeth that are natural looking and long lasting.**

Ask yourself the following questions:

Are you missing one or more of your natural teeth?

Do you have a complete or partial denture that is no longer comfortable?

Have you ever been embarrassed by a denture or a bridge?
